Returned with compliments

The Diesel Oil and Fuel oil are required by several Govt owned factories as well as by the Military Department engag in War Efforts in the State. It is quite necessary that th two kinds of oils should be controlled and rationed out in this State also, as suggested by the Controller of Supplies Southern India. Enquiries go to show that the annual requi ments of the Government Departments would be about 2 to 3 lakhs of gallons.

I am of the opinion that a notification promulgating the Control of Diesel Oil and Fuel Oil should issue in line with British India Notification, the Director of Industries being the Rationing Authority as approved by the Minister f Law and Order in his minutes dated 9th December 1942.

The information collected thus far about requirements of Government and Government aided institutions is placed in the file.

Director of Industries and Commerce.

20-11-1942.

The Chief Secretary to the
Government of Mysore,
BANGALORE.

S i r,

Sub: Control of Fuel Oils

I have the honour to enclose herewith copy of Government of India letter No.SS.97/42 dated 17-7-42 regarding the control of Diesel Oil and also copy of the order issued to the Oil Companies under the Defence of India Rules. It will be observed that the order is confined to the Oil Companies stocks at Madras. For the sake of uniformity it is requested that a similar order be issued by you in respect of stocks of Diesel Oil held by the Oil Companies in your jurisdiction.

As Furnace Oil is also under the control scheme, it is requested that furnace oil may also be kindly included in the schedule to the order along with Diesel Oil.

The Cochin Government have already issued an order on the above lines. A copy of the order issued by them is also enclosed. Th Cochin Government have been addressed to include Furnace Oil in the schedule attached to their order.

I have the honour to be,
S i r,
Your most obedient servant,

Sd/- M.A.Sreenivasan

Controller of Supplies,
South India Circle.

Encls: 3

No.S.S.97/42(1).
GOVERNMENT OF INDIA
DEPARTMENT OF SUPPLY
DIRECTORATE GENERAL OF SUPPLY
SPECIAL SECTION
NEW DELHI, the 17th July 1942.

To

The Controller of Supplies,
KARACHI/ MADRAS/ BOMBAY.

Sir,

FUEL OILS CONTROL-DIESEL OIL.

The Government of India have decided that the time has now come when it is essential to bring diesel oil under Government control. This control will cover all diesel oils, Heavy, Light or High Speed.

2. When Control of furnace oil was introduced, the primary objective was to make the best possible use of stocks available.. The situation has since changed as regards both furnace oil and diesel oil and it is now of the utmost importance that the consumation of both products should be reduced to the minimum possible, without directly interfering with the country's war effort, in order that maximum saving in tanker shipping space may be achieved.

3. The Government of India are accordingly issueing an order under the Defence of India Rules regulating disposal of stocks of diesel oil with all distributing companies, vide copy enclosed.

4. The lines on which you should now proceed to put into effect the control of diesel oil are given below:-

(a) In consultation with your Advisory Committee you should immediately examine to what extent deliveries to consumers buying directly from the distributors may be restricted. Provincial Governments should be consulted in the matter of restrictions in deliveries to Electric Supply Companies and other public utility concerns.

(b) While the examination under (a) above is proceeding, you should authorise the distributing companies to continue deliveries in accordance with their present practice.

(c) You should, as soon as possible, consult Provincial Governments on the extent to which supplies to upcountry agents of the distributing companies may be restricted. This consultation, it is suggested, can best be carried out by co-opting to your Advisory Committee, as upcountry representatives, officers-in-charge of the Burmah-Shell Divisional Offices at the headquarters towns of the Central Provinces, United Provinces and Punjab and at Rawalpindi for the North West Frontier Province, unless the Provincial Governments concerned desire to be represented by one of their own officers.

(d) When your enquiries under (c) above are completed, or as the required preliminary information reaches you, bulk rationing of distributing companies' agents should be introduced.

(e) Within the individual agent's bulk rations decided upon under (d) above, assistance in ensuring equitable distribution to consumers will be given by the upcountry inspecting staff and the upcountry officers of the distributing companies. Provincial Governments have been asked to ensure that the support of District Officers is given to the oil distributors' staff in this work.

(f) Agency trade by the oil distributors' agents within the Indian States should be bulk rationed in the same way as in British India, the basis being that restriction should be at approximately the same pitch as is applied to Provinces where conditions are comparable.

(g) It is intended that the system described should be observe closely in practice and on its results will rest the decision whether agency diesel oil trade should be put on a full permit (coupon) system.

5. Since Messrs.Caltex (India)Ltd.,are also participants in the diesel oil trade, a member of their branch office should be added to your Advisory Committee.

6. This opportunity is taken of emphasising that the area of your control is the normal area of supply from ports named in para.10 of the Department of Supply letter No.SS.6(27)/42 of the 7th March,1942. Normal distribution both of furnace oil and diesel oil has been disturbed owing to the closure of East Coast ports but the oil distributing companies' branch areas of control remain the same, and from every point of view, it is essential that these areas should remain the individual areas of control.

7. The most vital factor affecting the distribution of Fuel Oils at the present time is the availability of tankwagons. It is suggested that you should arrange with the oil companies for a statement of tankwagon allocations to buyers in your area of control to be tabled monthly for the information of yourself and of your Advisory Committee.

Only to C.S. Madras and Bombay. (8* You will notice that the Order does not cover companies' (stocks at Cochin (Madras and Port Okha (Bombay). These ports being in (State territory it is suggested that the best way of controlling (deliveries from stocks held there is by agreement between Burmah-Shell (and yourself.

Only to C of S Karachi (9@ As regards deliveries by the Attock Oil Co.Ltd.,pending (the completion of your restriction arrangements, it is suggested (that, on receipt of this letter, you advise Attock that they will be (receiving the Order and that until further instructions from you they (should continue deliveries in accordance with their usual practice.

I am,etc.,

Sd. ..
(M.R.Bhide).
Under Secretary to the Government of India.

GOVERNMENT OF INDIA

DEPARTMENT OF SUPPLY.

REGD. JAN 4
ANSWERED

Telephone: 4513.

Controller of Supplies,
South India Circle.

United India Life Building,

No.

Madras, dated 2nd Jan.,1943.

The Chief Secretary to the Government of Mysore,
Bangalore.

Sir,

Ref.: Control of Fuel Oils.

I have the honour to acknowledge your letter No. 2882/W dated 26th December 1942 together with the enclosure. The position at present is that the Controllers of Supplies at Madras, Bombay and Calcutta control the distribution of stocks of fuel oil held by the various Oil Companies at these ports in accordance with priorities laid down in consultation with Advisory Committees constituted by the Government of India, at the Head-Quarters of each of these Circles, and the stock position furnished by the Companies from time to time.

The distribution from the storage installations of the Companies at the Ports therefore virtually decides the quantities and the manner of disposal of stocks held in the interior areas. This office letter dated 20th November 1942 requesting your Government to promulgate an order similar to that directed by the Government of India was intended to secure de jure recognition of a position which has been in force defacto by virtue of the control at the ports.

2. In these circumstances I have to bring to the notice of your Government the fact that your notification directing the agencies of the Companies in Mysore State not to sell or otherwise dispose of oils except in accordance with the instructions of the Director of Industries & Commerce in Mysore is likely to lead to some administrative inconvenience. For the smooth working of the scheme through the Director of Industries & Commerce it would be necessary for him to keep in day to day touch with the decisions arrived at by this office at Madras in accordance with (1) priorities depending upon the general stock position and (2) interim orders issued from time to time depending upon the stock position at the moment. The control has relatively minor effects in Mysore since important consumers like Hindustan Aircraft are on a cent per cent basis and only a few minor interests which purchase in retail from local stockists are on a ration.

3. I have, therefore, to request that Government of Mysore might be good enough to amend their notification of 10th December 1942 and to vest the powers contemplated therein in the Controller of Supplies, South India Circle.

I would add that any suggestions that the Director of Industries & Commerce may wish to make at any time on behalf of consumers in Mysore would be given the fullest consideration. But as stated already the question is of relative unimportance as it affects Mysore State and the purpose of this correspondence is intended merely to secure uniformity and legal sanction to the action taken from time to time by me in accordance with the stock position at the Ports. I trust that the request made above will commend itself to your Government, but if it does not, I would suggest that immediate steps be taken to direct the Director of Industries and Commerce to instruct stock-holders to resume supplies on the basis of the instructions issued from this office for the present, and to decide on future action in consultation with me.

P.T.O.

The matter is of some urgency since it is understood that the disposal of fuel oil stocks in Mysore State has been at a standstill for nearly a fortnight now and is the cause of great concern both to the consumers and to the Oil Companies

I have the honour to be,
Sir,
Your most obedient servant,

L.R

pto

Copy of letter No.4985-F. dated 5th January 1943 from the Standard-Vacuum Oil Company, Madras to the Director of Industries and Commerce in Mysore, Bangalore.

****

We acknowledge receipt of your D.&.F-0/42-43 of the 30th ultimo. We are pleased to note that you have released for supply in January 1943 Disel and Furnace oils for industrial concerns up to a maximum of the average --- monthly requirements of such concerns during the first 11 months of 1942.

In that part of Mysore State which falls under the jurisdiction of this Office, we have only one firm to whom we supply Stanvac Diesel Oil Light. The firm in question is the Hindustan Aircraft, Ltd.,Bangalore, who are 100% engaged in war work and as such we will appreciate it if you will authorise us to execute their orders as and when received without reference in each instance to your office.

For this business we do not maintain stocks of Light Diesel Oil at Bangalore but have arranged to draw our requirements from stocks belonging to Messrs.Burmah-Shell Oil Storage and Distributing Co., of India,Ltd. at --- Bangalore.

We trust that this satisfactorily answers your letter under reply and we hope to receive your authority to supply the requirements of the Hindusta Aircraft,Ltd., as and when their orders, which are always urgent, are receive by us.

To

The Chief Secretary to the Government of His Highness the Maharaja of Mysore.

WAR BRANCH 27 JAN. 1943 GOVT. OF MYSORE

Dated Bangalore, the 27th January 1943.

Supply of Diesel oil to the Station Municipality for combating mosquito menace.

SIR,

I am directed to say that owing to the stoppage of supply of Malariol from Messrs. Burmah Shell Oil Storage & Distributing Co., of India, Ltd., Madras, the President, Municipal Commission, Civil and Military Station, Bangalore, made arrangements with Messrs. V.S. Thiruvengadaswamy Mudaliar & Sons, Bangalore City, for the supply of 304 gallons of Diesel oil every month, which is the absolute minimum necessary forcombating the mosquito nuisance in the Station. This firm accordingly supplied 304 gallons of Diesel oil during November 1942, but when a similar order for December 1942 was placed, they replied that under orders of the Government of Mysore they were not in a position to supply the oil.

2. As the mosquito menace is growing rapidly in the Station and becoming a source of great danger to the public health the Hon'ble the Resident would be grateful if the Government of Mysore could kindly see their way to permit Messrs. Thiruvengadaswamy Mudaliar & Sons, Bangalore City, to supply 304 gallons of Diesel oil every month to the President, Municipal Commission

Commission, Civil & Military Station, Bangalore, on payment.

I have the honour to be,
Sir,
Your most obedient servant,

SECRETARY TO THE RESIDENT.

Supply of Diesel oil to the Shoranur Municipality for combating mosquito Menace.

Sir,

With reference to your letter No. D.F. 30-43/S&A/27 dt. 4-1-43 on the above subject, I am directed to state that the control of fuel oils in the State was made at the request of the Controller of Supplies, Madras Circle as the Director is the Controlling authority for the supply of Diesel oil in the State. I am to add that a copy of your letter has been sent to the Director for necessary

action in consultation with the Controller
of Supplies Stretch ~~if necessary~~

I have

Chief Secretary's Office

I am directed by the Lords Justices
to acknowledge the receipt of the letter
of the 18th inst. from the Secretary
to the Admiralty, and to inform their
Lordships that they have been
informed that they should not
take any steps to enforce the orders
in existence with the restrictions
issued from time to time by the ~~Lords~~ Secretary
of State in Council. The Letter of the
Board of Admiralty has
been submitted to the Lords
Justices in Council
in accordance with the instructions issued
by the Secretary of State. Copies of
your letter under reply have been
sent to the Secretary of State with a
request that the immediate requirements
of the situation may be complied with
that further restrictions may be enforced
in consultation with the Controller.

I am to request
that you will
bring the
matter
before
the Lords
Justices

No. Pol.1553 / W169-42-24.

Bangalore, Dated, ~~30th January~~ 1943.

From

The Chief Secretary to the Government of His Highness the Maharaja of Mysore.

To

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

Sir,

Supply of Diesel oil to the Station Municipality for combating mosquito menace.

***

With reference to your letter No.D.F.30-43/G&A. dated 27th January 1943 on the above subject I am directed to state that fuel oils have been controlled at the instance of the Controller of Supplies, South India Circle and the stockists have been informed that they should not sell or dispose of the oils except in accordance with the instructions issued from time to time by the Director of Industries and Commerce in Mysore. The latter Officer has been instructed to authorise stock-holders to make supplies in accordance with priorities issued by the Controller of Supplies. Copy of your letter under reference has been sent to the Director of Industries and Commerce with a request that the immediate requirements of the station may be complied with and that future supplies may be authorised in consultation with the Controller.

I am to suggest that the President, Municipal Commission may be instructed to get into touch with the Director of Industries and Commerce.

I have the honour to be
Sir,
Your most obedient servant,

For Chief Secretary to Government.
